INITIAL SETUP

I logged in to my Team Office

The Team Office is full of tools and resources that you can use to manage your team. Get familiar with the Dashboard as well as all other menu links.

I set up my recurring monthly Subscription

The easiest way to increase your product knowledge and share with credibility and confidence is to create a subscription and become a "product of the product." As a Representative you are not required to have a monthly subscription; however, doing so qualifies you for participation in both Rewards Programs and opportunities for free products.

I set up my RenovaWallet

Manage the funds you receive through the Renova Worldwide Prosperity Compensation Plan with RenovaWallet. Use PayCard or transfer your money to a variety of accounts to use however you choose!

I familiarized myself with the materials in the Document Library in Team Office.

Start your business on the right foot by educating yourself. Compliance documents outline do's and don'ts while professional marketing materials give you the tools to launch your new business.

MY LIST

List as many people as you can think of whom you could invite to help you in your new business. You'll be asking them if they know anyone who may be interested in the product, opportunity, or for a referral. Commit to consistent effort. (For example, "I will contact 3 people each day," or "I will share for 30 minutes daily.") Maintain and add to your list every day. Reach out to your upline for support.
