ABOUT

Novapūr reNEW Golden Serum is our breakthrough blend of healthy oils, hyaluronic acid, and Lightning Total Complex™, which consists of 36 vitamins, minerals, and amino acids, all working together to deliver targeted hydration and nutrition for your skin. These powerful ingredients work together to tighten the skin and plump fine lines and wrinkles. The high concentrations of hyaluronic acid draw moisture to the skin all day long and the Lightning Total Complex™ is microencapsulated to prevent the vitamins, minerals, and amino acids from degrading until they are applied and rubbed into your skin, resulting in healthy, youthful-looking skin.

INSTRUCTIONS

1. Cleanse skin with the reNEW All-in-One.
2. Apply the Golden Serum under your eyes or anywhere else you experience fine wrinkles.
3. Finish and seal in the goodness with the reNEW Moisturizer.

INGREDIENTS
