YOUR REPRESENTATIVE'S CONTACT INFORMATION

Please reach out to the person who introduced you to our products for more information:

WELCOME

We are Renova Worldwide! Our mission is to **empower** others to embrace our **opportunity for renewal**. This opportunity is available to all those who are willing and rests on our 3 pillars: **life-changing products, world-class resources, and a community of support**. Renova Worldwide exists to make our storied history of transformation both your present and your future.

Legends say that the phoenix obtains new life by arising from the ashes of its previous self; we strive to help our customers and representatives do the same through revolutionary products backed by science and proven in real life. **We sell more than just supplements and skin care; we want our products to be a catalyst for transformation and growth to anyone in need of change.**

Purchase our products as a **Retail Customer, Subscriber, or Representative**. Wholesale and bulk-discount pricing are available to Subscribers and Representatives. Representatives who purchase products enjoy all these benefits (see table on pg. 5 for full comparison) and have the opportunity to earn commissions through the Renova Worldwide Prosperity Compensation Plan! No matter where you come from or what you have been through, Renova Worldwide aims to advocate for progress and be a source of new beginnings for all.

Dynamic Bulk Pricing

Renova Worldwide exists to help people. One of the ways we do that is by offering bulk pricing discounts* on top of wholesale pricing to our **Subscribers** and **Representatives**. Whether you need the products to bless your family or want to have extra to share, the more you buy, the more you save! **Products eligible for dynamic bulk pricing are marked by the "Save!" ribbon.** The amount you save is based on the number of qualified items you order. The quantities and percentage of discount are displayed to the right. Your bulk pricing discount will be automatically applied during online checkout as you add and update the items in your cart.

**If you aren't yet enjoying bulk pricing discounts, contact us to learn how easy it can be. You may also qualify to earn free product(s).*

BRAIN & BODY

The brain weighs 2 pounds but uses 20-50% of our daily nutrient intake. It is responsible for controlling essential functions, such as breathing and heartbeat. It also controls our actions, emotions, and memory. Nutrient deficiencies or an inability to extract vital nutrients from food often manifest as physical and mental health challenges.

Our essential product lineup supports the brain and body by providing them with the nutrients they truly need. The following products improve and enhance overall mental and physical health.

Bioavailability is the single most crucial factor of any nutritional supplement. If a product has low bioavailability, then it will pass through the body without having any effect. While many other supplements claim high levels of bioavailability, we take it to an unparalleled level. Renova Worldwide holds exclusive rights to advanced technology that makes our micronutrients **more bioavailable than any other supplement on the market!**

EMPowerplus™ Advanced is not your typical daily multivitamin. This is the most important nutritional supplement in the world. Boasting more than 30 medical journal publications in its 20 plus year history, these carefully selected and perfectly balanced **36 nutrients** combine to create and maintain calm, coping, and clarity. **EMPowerplus™ Advanced supports the body in establishing the right levels of vitamins and minerals required for proper brain function.** Each ingredient serves various functions and has been intentionally selected because of its benefits to your brain and body.

The nutrient particles in most other supplements measure between 37-74 microns in diameter (a volume 400x larger than a human cell at 10 microns in diameter). Therefore, their particles cannot possibly be absorbed. The body readily absorbs our minerals because they are, on average, **less than .5 microns in diameter.** By volume, that's roughly 400,000x smaller than any other "high tech" nutritional supplement on the market!

Methylated EMPowerplus™ was created for those whose bodies cannot methylate B vitamins as most can. Individuals with the rare MTHFR gene expression will benefit most from this product. The formula only differs in the use of the methylated forms of vitamins B12 and folate. If you are uncertain about whether or not you would benefit from the methylated form of EMPowerplus™, reach out to your physician.*

EMPowerplus Lightning™

After years of research and development, our scientists were able to re-engineer several advanced reactor technologies in 2018. **This development made it possible for our nutrients to be sub-micron in size and many times more bioavailable than even our original formula.** This new chelation process is arguably the most advanced in the world today and makes it possible for your body to absorb the same great EMPowerplus™ nutrients **lightning-fast!** EMPowerplus Lightning™ was born, and the next generation of nutrition is here!

Sublingual Absorption

Most other nutritional supplements on the market are pills or capsules that travel through the digestive system. A variety of issues can negatively impact absorption through the gut. **Lightning™ dissolves in the mouth and travels directly to the bloodstream within seconds.** Taking a lower quantity of nutrients can result in enjoying greater benefits faster than ever before. Because the distance between the sublingual gland and the brain is so short, people often report feeling a difference **within minutes.**

Direct-to-Cell (DTC) Technology™

Our advanced DTC Technology is what makes this lightning-fast absorption possible; **our nutrients bypass biological barriers with ease, traveling through the bloodstream where they can be absorbed by the cells that need them most.** Whether it's a flavorful powder that dissolves on the tongue, a healthy energy drink, or even a part of your skincare routine through transdermal absorption, Lightning™ ensures that your cells get what they need.*

CellularTEA™ is an advanced formula of herbs and minerals that is designed to **cleanse** the blood, **detoxify** the body, and **support** the immune system. When taken regularly, CellularTEA™ can help maintain a biological environment that is adverse to disease and illness.

This formula of herbs and minerals took over 20 years to perfect. Each ingredient is carefully measured and balanced to optimize the blend as a whole. CellularTEA™ formulator Andrew Wilson has an impressive background that includes his service as a medic in the US Navy, world martial arts champion, renowned “cellular herbalist,” and everything in between! His knowledge of quantum science combined with his understanding of ancient herbal medicine is what led to the creation of CellularTEA™.*

DETOX & IMMUNE SUPPORT

The immune system protects your body from harmful substances, germs, and cell changes. If your immune system runs smoothly, you don't notice that it's there, but if it stops working properly – because it's weak or can't fight particularly aggressive germs – you get ill.

Eighty-percent of the immune system's functionality is located in the gut, so keeping your digestive tract healthy can help to protect against disease or other potentially damaging foreign bodies. The following products were created to support and strengthen your immune system and promote optimal health.

- **BOOST THE IMMUNE SYSTEM**
- **CLEANSE THE BLOOD**
- **DETOXIFY THE BODY**
- **ORGANIC HERBS**
- **ALL NATURAL**
- **NO CAFFEINE**

GUT HEALTH

A healthy digestive system is vital to maintaining whole-body health and can affect your immune system, heart health, brain health, mood, sleep, and digestion. All food is ultimately broken down in the gut before being absorbed into the bloodstream to be delivered as nutrients throughout our bodies. This is only possible with a healthy digestive system. A healthy gut contains healthy bacteria and immune cells that ward off infectious agents like bacteria, viruses, and fungi. It also makes it possible for vital nutrients to make their way to the brain.

Research has shown that there is a strong connection between the gut and the brain. The gut is where our daily nutrient intake is absorbed from the food we eat and the supplements we take. On the other hand, the brain is the highest consumer of energy in the body. This energy comes in the form of those vital nutrients that we take in. So if the gut is absorbing lots of nutrients, then we know our brain is getting them as well. **Healthy gut, healthy brain!**

Biozyme™

Our Biozyme™ capsules contain a rich blend of the **eight bacteria our digestive tract needs most, as well as botanicals, algae, enzymes, superfoods, and nutrient-rich ingredients** in an easily absorbable formulation designed to maintain and promote a healthy digestive system and bowel function. Each dose of Biozyme™ contains billions of good bacteria and plenty of prebiotics, creating a powerful regulating effect on an unruly gut.

Absorption issues? Using Biozyme™ in combination with our powerful Olive Leaf Extract is an effective way to rid the body of Candida.

Prosper

Probiotics are tiny living organisms vital to the body's ability to digest food and absorb nutrients. Digestive supplements are intended to assist your body's natural digestive process by providing it with additional probiotics. Prosper is unique! We deliver prebiotics, probiotics, and digestive enzymes in **spore form** to increase the probability that they will make it to the digestive tract to work their magic. **Nearly 100% of them survive the journey** every time you take a Prosper stick! That's 4 billion CFU working to support optimal gut health!

Remember, it's not what you take; it's what you absorb! Our products are designed for maximum bioavailability. In other words, they are created, so your body recognizes and utilizes them as nutrition almost immediately. Just take them and feel better!*

ENERGY & FITNESS

Asleep, awake, eating, bathing, grooming, or working, you need energy, which is supplied from your diet in the form of calories. Energy fuels your body's internal functions and helps repair, build, and maintain cells and body tissues. It supports the external activities that enable you to interact with the physical world and internal activities that require mental processing. Your brain needs a constant supply of energy to maintain, support, and protect your life.

The following products are intended to support and enhance your mental and physical energy levels to promote optimal general health.

EMPOWERPLUS™

Most people find that taking EMPowerplus™ alone naturally boosts energy throughout the day. See pages 7-9 to learn more.

See pages 10-11 for pricing

VITAMINO-23™

Amino acids are the building blocks for everything in the body. They can be especially beneficial in building muscle, reducing workout fatigue, and decreasing muscle soreness.

Retail: \$59.95
Wholesale: \$50

EMPowerplus™ Thunder Sticks combine the powerful EMPowerplus™ formula with 120 mg of naturally-sourced caffeine (Yerba Mate Extract, Guarana Extract, Green Tea Extract) to provide your body with an **extra boost** of energy all day long. Enjoy whenever you need a pick-me-up, but note that they are a supplement to, not a replacement for EMPowerplus Lightning™ DTC Sticks or EMPowerplus™ capsules.

Renova Worldwide's EMPowerplus Thunder Sticks are an amazing, natural option for both health and vitality. No crash. No jitters. Just smooth, sustained energy.*

SLEEP

Sleep plays a vital role in physical health. For example, sleep is involved in the healing and repair of your heart and blood vessels, and ongoing sleep deficiency is linked to an increased risk of heart disease, kidney disease, high blood pressure, diabetes, and stroke.

Sleep is an essential component of our overall health and well-being. Our bodies use the time we're asleep to repair and prepare for a new day. The following products promote an energetic, healthful day followed by restful, restorative slumber.

SLEEP HEALTH PACK

Vitamin-23™

+

Inositol Powder

+

YOUR CHOICE OF 1
EMPOWERPLUS™ PRODUCT

Retail: \$154.95
Subscription: \$130

Inositol is found in many foods like nuts, beans, and fruit, especially cantaloupe, melons, and oranges. Inositol is not considered a vitamin because it can be synthesized by the body.

Inositol helps temporarily reduce the symptoms of physical anxiety or general physical restlessness. It can be especially helpful when you need immediate relief. Inositol can also be used as a natural sleep aid if you are having trouble falling asleep.

Add 1 teaspoon of Inositol to your water bottle and sip on it throughout the day to enjoy a greater sense of calm.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

PERSONAL CARE

Did you know that the skin is the human body's largest organ? It is also one of the most essential organs we have. Our skin is the greatest barrier against infection; therefore, proper skin care is essential.

Keeping our skin healthy and moist helps keep this barrier strong. When the skin gets dry or irritated by harsh soaps, cracks in the skin can occur. Cracks in the skin make a person more prone to infection. Skincare products should be free of scents or perfumes. Soaps should be gentle and moisturizers used regularly.

reNEW All-in-One

Most people find themselves with multiple skincare products: one to cleanse, one to tone, one to moisturize, one to exfoliate... It gets expensive! In fact, women in the United States spend, on average, **\$150 per month** on skincare products! It's time to rethink how we treat our skin.

reNEW All-in-One is more than 8 different products in one. It works by removing the excess layers of dead skin, dirt, and grime so you can show off the beautiful, nourished skin underneath! We also added our EMPowerplus Lightning Mineral Complex™ so the world's most powerful micronutrient blend can be absorbed through the skin, benefitting your body in all-new ways!

Our reNEW family of products are designed to work hand-in-hand. **After using the All-in-One and Golden Serum, use the Moisturizer to seal in the water and nutrients.** It helps create a barrier to prevent the good hydration and moisture from leaving your skin, keeping it soft and radiant all day long! If needed, you can combine the Moisturizer with the All-in-One to create different weights of Moisturizer to fit your needs. The weather changes. Skin conditions come and go. Everyone ages. No matter your stage in life, reNEW provides the custom skincare you need!*
